

AD3000 are proud to announce the release
of their **NEW Next Generation Classroom PC**

AD3000 *Gazelle* PC System Only **£325**

Small Form Factor Case
Speedy Athlon 5350 Quad Core Processor
Ultra Fast 60GB Solid State Drive
8GB DDR3 RAM
128 Core Radeon R3 Graphics
SVGA and DVI output
4 USB2 and 2 USB3 Connectors
Windows 7 or 10 Professional
2 Year Warranty.

As its name implies the Gazelle is super fast, running a quad core AMD 5350 processor and lightning fast solid state drive yet drawing less than 25watts.

The Gazelle is noticeably faster than previous curriculum PCs, yet takes a third of the power. It provides an exceptional balance between speed, power consumption and price.

School Setup:

We have a selection of standard options for setup. Prices to add the machine to your school network start from just £30.

Options:

Add DVDRw (now an ideal teacher's machine) £12
Upgrade to 120GB Solid State Drive £10
Add 1TB Hard Disk £49
Add 18.5" Screen, Keyboard and Mouse £80

All prices exclude VAT
